

Top Traveller ECO 12-14.1

Eco-friendly bag with protection and convenience

TOP TRAVELLER ECO is the intelligent toploader solution for environmentally-conscious professionals. It is mainly made of recycled PET, offering excellent protection for your devices and is comfortable and easy to wear. Designed for daily use. Equipped with a lot of storage space and practical functions which make your life easier.

Your 12-14.1" notebook is triple protected: with high density foam padding, elastic strap and extra-soft nyllex inner lining. The padded compartment for an iPad® or other tablets (up to 10") protects against impact and is also equipped with nyllex inside. Additional storage space for your documents and mobile accessories in the spacious and lockable main compartment and in the document compartment on the back of the bag. The practical and easy-access insert pockets in the front pocket allow you to organise your personal equipment such as pens, business cards, IDs and mobile phone. The comfortable shape of the handle, the adjustable padded shoulder strap and the trolley fastening strap ensure perfect comfort when out and about. This makes carrying a breeze!
